

# **Bucknell University**

## **Assistant Professor Water Resources Engineering**

WATER RESOURCES ENGINEERING Tenure Track - Bucknell University is seeking an individual to fill an entry-level tenure track position in the Department of Civil and Environmental Engineering as an Assistant Professor beginning Fall, 2008. Candidates should have an earned doctorate at the time of appointment in Civil/Water Resources Engineering or a closely related area. An undergraduate civil engineering degree from an ABET-accredited program is preferred, and professional and teaching experience is desirable. The successful candidate must have the ability to (i) provide outstanding classroom and laboratory instruction for water resources engineering and introductory engineering courses, and (ii) develop professionally through research and other scholarly activities. Expertise in experimental methods, planning, sustainability, systems, and/or GIS is desirable. The appointed candidate will be expected to seek professional registration. Candidates with an interest in and potential for teaching and interacting effectively with students from diverse backgrounds and perspectives are particularly encouraged to apply.

Bucknell University is a highly selective private university emphasizing quality undergraduate education in engineering and in the liberal arts and sciences. The enrollment is approximately 3400 undergraduate students and 150 masters-level graduate students. Bucknell University values a diverse college community and is committed to excellence through diversity in its faculty, staff, and students. Bucknell University's integrated environment for student learning and growth supports the goal of diversity and builds connections to a global society. The university is located in Lewisburg on a 450-acre campus in central Pennsylvania's Susquehanna River Valley. New York City, Washington, D.C., Baltimore, and Philadelphia are each within a 3 1/2 hour drive from Lewisburg.

In addition to the BS in Civil Engineering, the department also offers MS degrees in Environmental Engineering and in Civil Engineering. Screening of applications will begin on November 15 and will continue until the position is filled. Please submit applications through the Bucknell Human Resources website at [www.bucknell.edu/jobs](http://www.bucknell.edu/jobs).
