**Our company is looking for a Civil/Structural Engineer with a BS in Civil or Mechanical Engineering to make \$50-70K. This position deals with large industrial projects for steel mill plants. 25% of your time will be spent in the field. AutoCAD and STAD experience are a plus, but not a must. This multi million dollar company has been privately owned since 1959 and is a great company to work for. If interested, please contact Ryan Gallagher at 440-845-7230, ext. 103.**
